WORK

2017 - Current

TPH Global, Inc

Freelance 3D Designer

- Work with minimal direction to ideate new concepts for permanent, temporary and pallet displays using retail Guidelines.
- Create renderings, 3D models, textures and scenes of products, packaging and displays.
- Develop concept display and packaging artwork based on client assets and/or client direction.
- Key projects include client work for use in Walmart, CVS, Costco, Home Depot and other retail stores.

2017-2021

E&J Gallo

Contract 3D Designer

- Collaborated with cross functional designers and project managers to execute on tight timelines.
- Developed a material and product library to improve workflow efficiency and consistency across designers.
- Created 3D models and renders based on provided schematics and concept direction.
- Projects included AR models, renders for promotional material and sales presentations.

2014-2016

Various Clients

Freelance Designer

- Clients include The Graphics Shop, Burgopak USA, H.I.S Juveniles, Ruja Florist
- Developed concept illustrations, infographics, and project proposals.
- Created 3D product and packaging models and renderings for CPG retail packaging.
- Assets created used for projects for clients such as REI, Chicco, Dremel, & Hyatt.

ADDITIONAL

- Short film with original soundtrack screened at SFF Film Festival
- Continuing Education Classes in Film, Video, Visual Design and Art.
- Personal projects in these areas available on my website.
